ENHANCING PARKING: SAFETY, EFFICIENCY, AND COMPLIANCE

Our Goals:

- Safety: Creating a secure environment for all.
- Efficiency: Streamlining parking to increase availability.
- Convenience: Simplify parking for the end user.

Implement the Latest Technologies:

- Utilizing advanced License Plate Recognition for smarter parking management.
- Mobile payments for transient parking.

Important Rules:

- A license plate must face drive aisle.
- Permits cannot be shared between individuals.

Appeals Process:

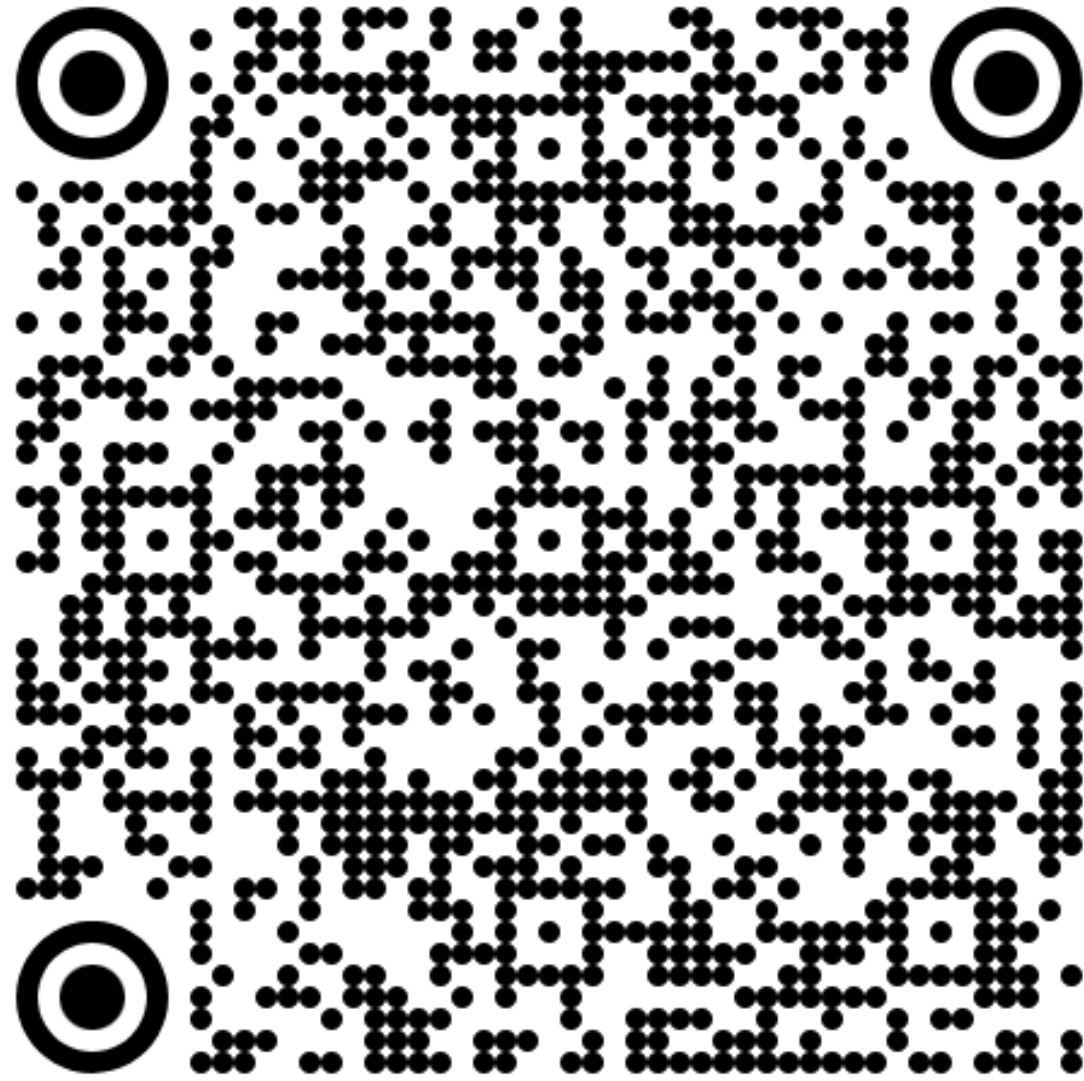

- Got a Citation? Learn the purpose and steps to appeal if you believe there's been a mistake.

Let's work together to keep our parking safe, efficient, and fair.
